4.6 Election of Elected Councillors

- (a) Each Council will hold an election for the positions of Elected Councillor between 1 July and 1 October (or such later date approved by resolution of the Board) in each year.
- (b) Notices will be sent to Division members (other than those holding the status of Affiliate Member) of a Division calling for nominations from such members to fill any vacancies on the Council of that Division at least 14 days before the closing date for such nominations. Such notices may be sent by post, or to an electronic address if the Division member has so requested.
- (c) The notices will specify the number of vacancies to be filled on the relevant Council, the proposed date of the election, to be at least 28 days after the closing date for nominations, and such other information considered appropriate by the Institute Secretary or the Board.

- (d) The election of Elected Councillors will take place in the following manner:
- (i) Any two Division members (other than those holding the status of Affiliate Member) will be at liberty to nominate any other member from that Division to serve as an Elected Councillor provided no Division member may participate in the nomination of more than two members of that Division to serve on the relevant Council at any one election.
 - (ii) Nominations, which must be in writing and signed by the Division member and the Division member's nominators, must be lodged with the State Manager at least 28 days before the date on which the election is to take place.
 - (iii) If the number of candidates duly nominated is less than the number of vacancies to be filled, the Council, upon such candidates coming into their positions, may fill the remaining vacancy or vacancies in accordance with clause 4.2(d).
 - (iv) A secret ballot will be conducted in respect of all nominated candidates standing for election or re-election to a Council. The ballot may be conducted by post or by electronic means (such as email or online), or by any combination of these means, or any other means approved by the Board, however it must be conducted by such means, or combination of means, as to enable each Division member to participate, including:
 - (A) if the means of conducting the ballot include conducting the ballot by post, hard copy ballot papers must be prepared; and
 - (B) if the means of conducting the ballot include conducting the ballot by electronic means, electronic ballot papers must be prepared.
 - (v) There will be two methods of election of candidates in a ballot, depending upon the number of candidates and number of vacancies to be filled:
 - (A) *Simple majority* - if the number of candidates nominated is equal to or less than the number of vacancies to be filled, each Division member will be entitled to cast one vote per candidate in favour of or against that candidate's election as an Elected Councillor (or the member may mark the ballot paper to identify that the member is abstaining from voting in respect of that candidate); and
 - (B) *Relative majority* - if the number of candidates nominated exceeds the number of vacancies to be filled, each Division member will be entitled to cast one vote per number of Elected Councillor vacancies to be filled on the relevant Council. A Division member may give one vote to each of as many candidates as the Division member wishes, not exceeding the number of vacancies to be filled.
 - (vi) Electronic and/or hard copy ballot papers will be prepared (in accordance with the means of ballot selected under clause 4.6(d)(iv)), containing the names of the candidates and their brief details, and specifying the election date, with such ballot papers to:
 - (A) ensure candidate names are listed in the ballot paper either in alphabetical order, or in order by lot, at the discretion of the Institute Secretary; and

- (B) include with the ballot papers, at the discretion of the Council, a statement as to whether the Council supports the re-election of a current Councillor, based on an assessment of their contribution or skills, provided such Councillor has been duly nominated and such election will not exceed the maximum term limits.
- (vii) A list of candidates' names in alphabetical or lot order showing the respective nominators' names will:
 - (A) be sent by post along with ballot papers and a return envelope; or
 - (B) will be sent or made available by electronic means, along with ballot papers; or
 - (C) will be sent or made available by a combination of these means, or such other means approved by the Board, along with ballot papers,

depending on the means of ballot which has been selected under clause 4.6(d)(iv), to all Division members of the Division as recorded in the register of members no later than 14 days before the date of the election.
- (viii) To be valid, a ballot paper from a member:
 - (A) must be delivered by post, to an electronic address or online, or by any other means approved by the Board, depending on the means of conducting the ballot which has been selected under clause 4.6(d)(iv); and
 - (B) whether delivered in hard copy or electronically, must be received by the returning officer no later than 5pm one day prior to the specified election date. The ballot papers must contain a statement to that effect, noting that the:
 - (1) date on which the ballot papers are sent constitutes the start of the voting period; and
 - (2) voting period will last for 14 days, or such longer period as the Board determines, provided the period does not exceed 21 days and the election date occurs between July 1 and October 1 (or such later date approved by resolution of the Board) each year.
- (ix) Opening and counting of the ballot will be carried out by the returning officer on the election date or some later date determined by the Board.
- (x) The Institute Secretary will appoint a returning officer to open and count the ballot.
- (xi) The returning officer will decide the admissibility of ballot papers (including for compliance with clause 4.6(d)(viii)) and:
 - (A) will discard any ballot paper received by post if it is received in any envelope other than the return envelope supplied for the Council election or if it is contained in an envelope with another ballot paper or is marked with more than the maximum allowable number of votes;

- (B) will discard any ballot paper received electronically unless it has been lodged in accordance with any applicable administrative protocols for online or electronic lodgement for that election; and
 - (C) an otherwise properly marked ballot paper containing less than the maximum allowable number of votes will be admitted and the votes marked or selected electronically (as the case may be) on the ballot paper will be distributed as valid votes.
- (xii) The outcome of the ballot in each of the two methods of election set out in clause 4.6(d)(v) will be determined by the returning officer, on the basis that:
 - (A) *Simple majority* - if the number of candidates duly nominated is equal to or less than the number of vacancies to be filled, each candidate who receives a majority of votes cast in favour of their election will be declared elected to fill a vacancy as an Elected Councillor with effect from 1 October in that year (or such later date approved by resolution of the Board); and
 - (B) *Relative majority* - if the number of candidates duly nominated exceeds the number of vacancies to be filled, the candidate who receives the greatest number of votes will be appointed to fill the first vacancy, the candidate with the second highest number of votes will be appointed to fill the second vacancy, and so on, until all vacancies have been filled. The successful candidates shall be the new Elected Councillors with effect from 1 October in that year (or such later date approved by resolution of the Board).
- (xiii) At the conclusion of the opening and counting of the ballot, the returning officer will issue a certificate to the Institute Secretary setting out the results of the ballot.
- (xiv) The returning officer will liaise with the Institute Secretary regarding the results, who will take steps to facilitate the outcome of the election being published online on the Institute's website within 14 days after the election date. If, for any reason, the outcome of the election has not been finalised within 14 days after the election date, the returning officer must liaise with the Institute Secretary to facilitate notification to Division members by publishing a statement to that effect online on the Institute's website.
- (xv) If two or more candidates receive the same number of votes, and as a result there are more eligible candidates than remaining Councillor positions to be filled, the returning officer must determine by lot which of those candidates will be appointed to the Council.
- (xvi) The returning officer may decide on all matters in relation to the election not provided for in this Charter or otherwise required to be determined by the Institute Secretary or the Board.
- (e) The election of Elected Councillors in accordance with this clause 4.6 is valid even in circumstances where a Division member entitled to receive notice under clause 4.6(b) or a ballot paper under clause 4.6(d)(viii) did not receive such notice or ballot paper, provided:
 - (i) the notice or ballot paper was not received because of accident or error; or

- (ii) before the election process concludes, that Division member provides a nomination or votes in the election (as the case may be).
