THE PROBLEM

The Fourth Industrial Revolution and Future of Work are new and complex topics.

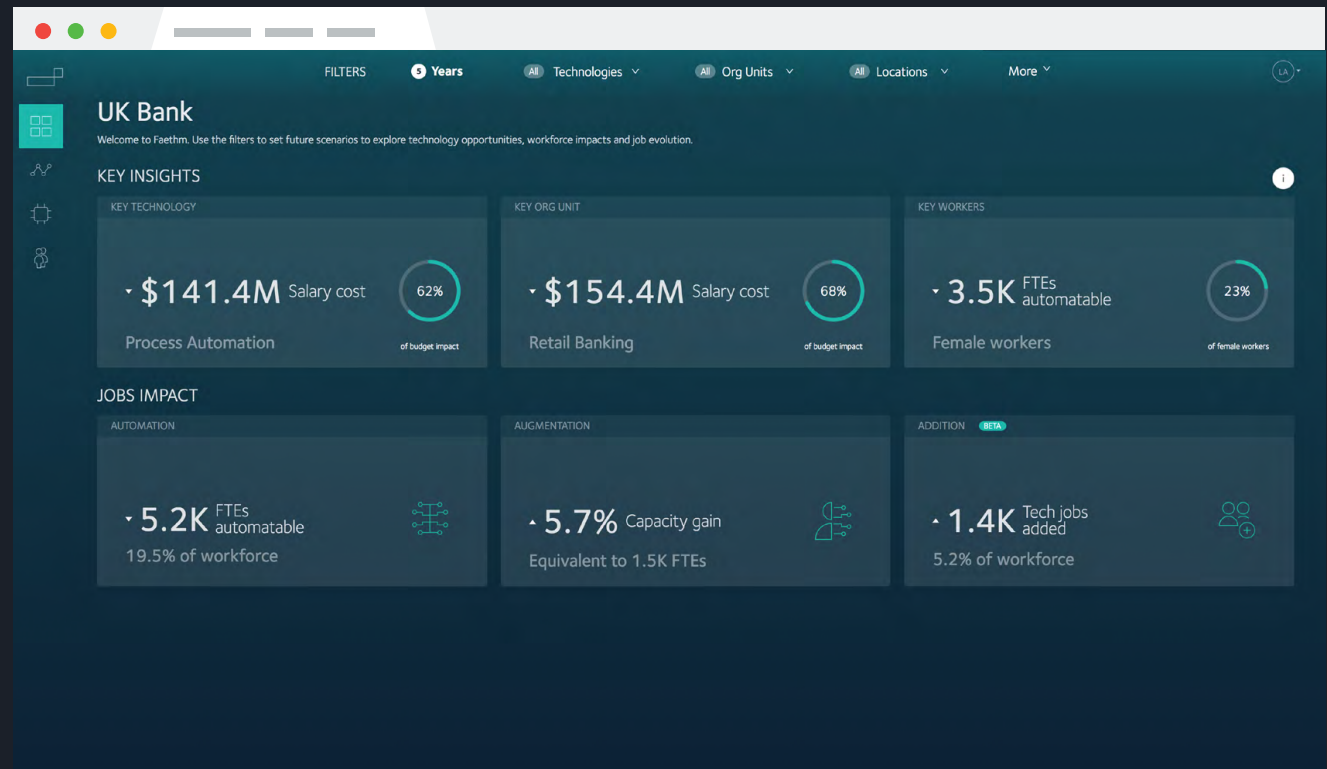

Most leaders appreciate the urgency in the trends, but few have data or insight to act.

THE SOLUTION

Faethm's AI SaaS platform shows the future impact of Emerging Technology on any economy, industry, company or job.

Enterprise, Government, Education and Investment leaders use Faethm daily to plan and deliver technology and workforce transformation.

FAETHM NATIONAL RESPONSE

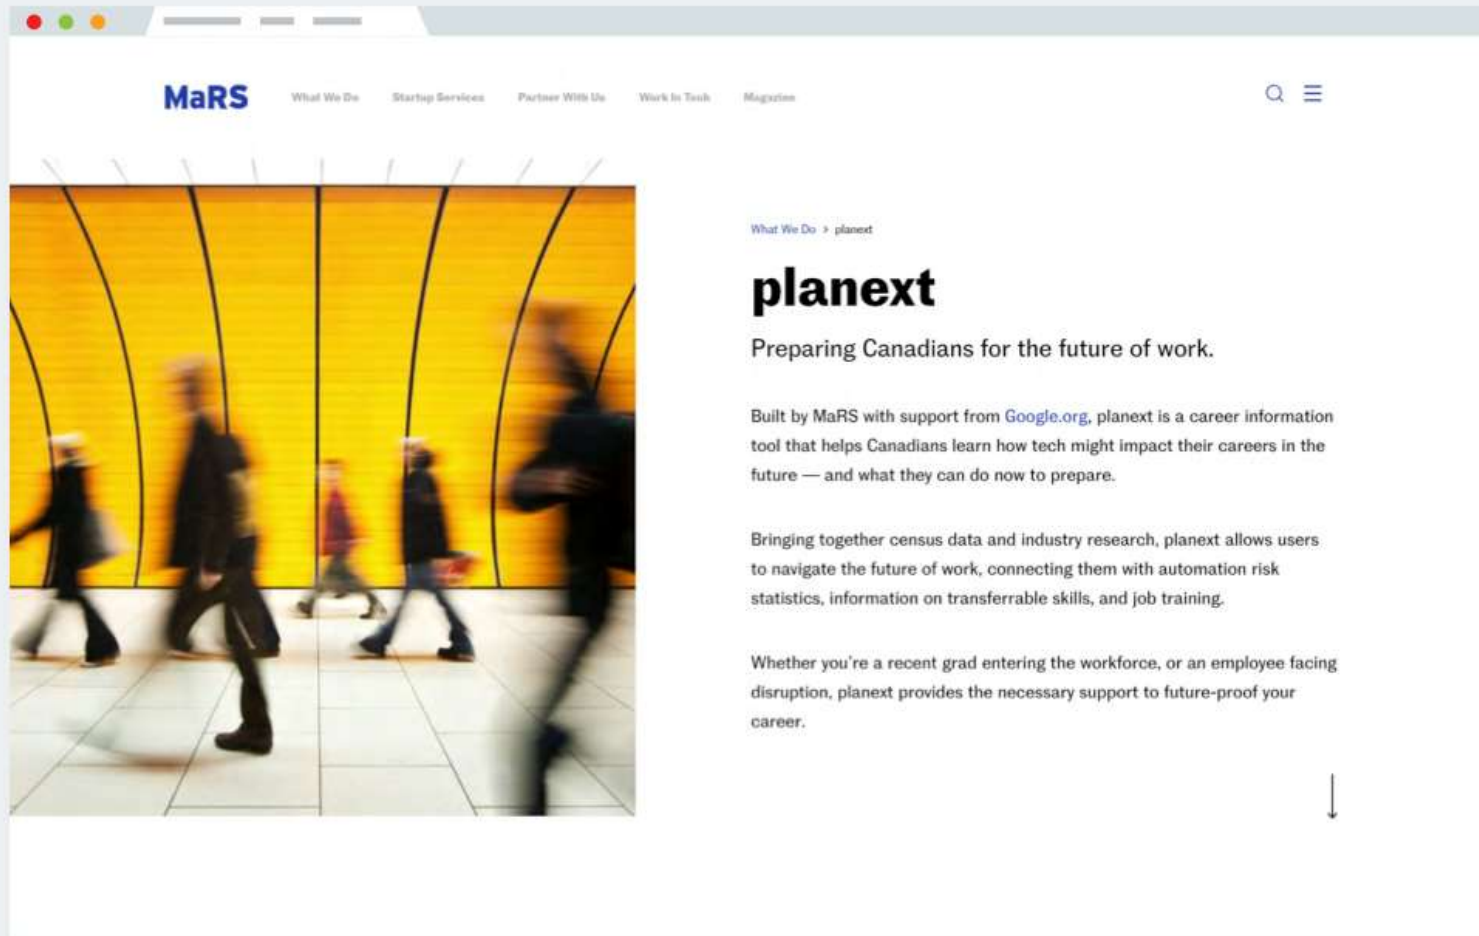

The screenshot shows the Skills Bridge website. At the top left is the 'Skills Bridge' logo. To the right, the text 'Fir d'Kompetenze vu muer' is displayed. Below the logo is a navigation menu with links: ANTICIPATE, OBJECTIVES, ADVANTAGES, PROCESS, COMPANY APPLICATION, NEWS, GOVERNANCE, and CONTACT US. On the right side of the navigation bar are buttons for 'EN', 'Share', and 'Log in'. The main content area features a large aerial photograph of a city with a bridge. Overlaid on the image is the text: 'Support companies and their employees whose activity will be radically transformed by major technological change towards a new organisation, new functions and jobs.' Below this text are two circular icons: one labeled 'COMPANIES' with a bar chart icon, and another labeled 'EMPLOYEES' with a group of people icon. Under the 'COMPANIES' icon are buttons for 'Learn more' and 'Apply now'. Under the 'EMPLOYEES' icon is a 'Learn more' button.
